VOLUME 02, ISSUE 3
April, 2019

From The Chairman's desk

Dear Students,

James Clear said, "Mastery requires both patience and impatience. We should have the patience to delay gratification, to wait for your actions to accumulate, and to trust the process. Equally important is the impatience to work with a sense of urgency and purpose each day!" This famous quote encapsulates the entire gamut of qualities, traits, and aptitude that defines a student in his or her

formative years. It gives me immense pleasure to address all of you at the commencement of another exciting and productive academic year. Armed with the expertise gained from more than a decade of holistic teaching and progressive, futuristic pedagogical initiatives, KENNEDY HIGH the global school is marching ahead in its endeavor to provide specific, measurable, and attainable student goals and deliver child-centric education.

This year, we made new in-roads into pedagogical initiatives, upgrading our existing teaching paradigms and re-assessing our learning outcomes. The introduction of Robotics, English Communication Skills Training, Soft Skills and Personality Development Workshops, and Taekwondo sessions for self defense, have all added a unique dimension to our students' overall personality.

Our dedicated team of Sports Authority of India (SAI) trained professionals ensure that the most updated infrastructure and techniques are provided to the students who aspire to build a career in the field of sports.

Our teaching staff, at every juncture; Pre-Primary, Primary, Middle School, and High School, are professionally trained and are equipped with the best teaching strategies relevant to the 21st Century Classrooms.

I wish to thank the stakeholders, the parents, for their continued support in making KENNEDY HIGH the global school a place where students' emotional, physical, and social skills are given the utmost priority.

We look forward to your positive collaboration, to reach many more milestones in the future.

From The Principal's Desk

Dear students

It gives me great pleasure to address all of you at the beginning of the New Academic Year 2019-20. The school newsletter is a chronicle of your academic, sporting, cultural, literary, and Co-scholastic journey.

At KENENDY HIGH the global school, our continued efforts are directed towards bringing out the inherent qualities of the students and enable them to discover and enhance their true potential.

There are various elements that are linked together to achieve this excellence: The infrastructure, the ideology, the curricula, and the human connection; to name a few.

We believe that the student is the central link in this chain; the essential part that gives focus and direction to all our endeavors.

Both our CBSE and CAIE curricula are scrutinized and updated as per the norms and regulations of the respective boards. Our students reflect the academic prowess and the skillful competence that is the mark of a wholesome education. We take pride in inculcating a global vision blended in with value-based grooming and nurturing, where students' morals, ethics, and personal integrity go hand in hand with their academic competencies.

At every step of the way, we have ensured that our resources; both infrastructural and the human capital, are optimized for the best student outcomes and our students reflect all the attributes of the 21st Century learners.

Wishing everyone a bright year ahead.
