Dear Parent

As you are aware, knowing one's aptitude may help a student to make informed career choices. Aptitude tests results may help students understand and make subject choices in relation to the identified special abilities, explore career pathways and occupations, and broaden their horizon, helping them revalidate their choices and thus take suitable decisions to continue or change their educational choices.

Keeping these points in mind, KENNEDY HIGH the global school is planning to hold Tamana test (TRY AND MEASURE APTITUDE AND NATURAL ABILITIES), a free aptitude test designed and recommended by CBSE for class X students.

Please note:

- There is no advance preparation required to appear for the Aptitude test.
- There are total seven subtests in aptitude test and each subtest will be for 10 minutes. These are-
 1. Language Aptitude (LA)
 2. Abstract Reasoning (AR)
 3. Verbal Reasoning (VR)
 4. Mechanical Reasoning (MR)
 5. Numerical Reasoning (NR)
 6. Spatial Aptitude (SA)
 7. Perceptual Aptitude (PA)
- Test will be conducted in the school premises. Students will be guided with specific instructions and practice examples.
- Students have to attempt as many questions as possible within the time limit. However, there is no pass and fail in the test.
- This test helps to know the capabilities of the student not to label or find their weaknesses.
- Aptitude tests scores are only suggestive of a student's potential. These scores are NOT the only deciding factor to choose subjects and occupations for the student.

So, if your child is interested in taking this aptitude test, we request you to ask her/him to give her/his name to the class teacher on or before 23 September 2023. The dates of the test are 4, 5 and 6 October 2023 from 9:00 a.m to 11:00 a.m.
