Dear Parents

We, at KENNEDY HIGH the global school, firmly believe that children acquire skills and knowledge easily if they find the surroundings stimulating, safe and purposeful. Thus, our vision is to encourage a creative and free-thinking environment where a child feels confident to ask fundamental questions, enquire and learn in an atmosphere of freedom, care and safety.

We also maintain that a student who is taught discipline will learn the power of self-control. Freedom, to be truly effective, needs the guidance of discipline. We, therefore, focus on teaching our children to respect school discipline and to be proud of it. Preparing children for life, calls for equipping them with exceptional values and academic competencies.

The parents and school together, can instil proper discipline and basic values in the children while preparing them academically for their future. Our children represent our hopes and dreams. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face future challenges.

To promote leadership, team spirit, and to bring the talents and skills of the children to the fore, we organized and hosted the Cambridge Schools Community Inter-school Art competition successfully.

To inculcate empathy and sensitivity in young minds and hearts, the students were exposed to community service. Various clubs have been formed like Financial Literacy and Entrepreneurship club, Values Education club and Eco club to provide a platform for students to develop their personality and give them an opportunity to explore their interests and skills. Along with this, twice a week, "Beyond Excellence hour" is being utilised to prepare children for competitions and real-life challenges.

We also place a high premium on the role of teachers, their competencies, skills and ability to nurture talent.

As Chairman of this school, I am proud to say that our alumni have found places in the top universities in India and abroad, covering a broad range of disciplines. Many of them now work with prestigious organisations all over the world. Their success substantiates our efforts.

As we start this new academic session, we need to gear up for the challenge lying ahead that is to keep intact the air of excellence that surrounds our elite institution.

We look forward to empowering the students to assume greater responsibility for their learning, and watch them grow into independent thinkers, problem-solvers, innovators and more importantly, proactive and responsible citizens who make a difference to the society.

From The Principal's Desk

Dear Parents

As the Principal of this prestigious institution, it is a matter of pride for me to pen down this message for the school newsletter. My heart fills with immense pleasure as I perceive the progress being made at KENNEDY HIGH the global school.

We, just like you, believe in holistic education for your child, encompassing- academics, co-curricular activities, sports education, and life skills learning. Our focus is on keeping the child at the centre of everything we do because every learner is unique.

A plethora of academic and co-curricular activities offer the opportunity to all the students to discover various facets of their personalities. 100% Board results and regular selection of the students in various prestigious colleges speaks volumes about the team effort of the students and staff along with full cooperation of the parents.

We have an inclusive culture and hence, we welcome students with diverse cognitive, physical, and behavioural capabilities and customize our pedagogy based on their ability to learn. Our aim is to transform students in such a way that they are physically fit, mentally resilient, and morally strong, as these are the necessary conditions for a child's holistic growth.

The school has the support of a qualified and experienced pedagogical line up with proven track record. With a team of diligent teachers, excellent infrastructure and an indomitable spirit, we aspire to scale new heights of success with every coming year.

I express my heartfelt gratitude to the Management of KENNEDY HIGH for their unconditional support rendered at all times that assures accomplishments of the highest quality. I would also like to put on record the incessant assistance and cooperation of all the teaching & non-teaching staff that helps the school run smoothly.

Last, but in no way the least, a special thanks to all of you for putting your faith and confidence in us. As we usher in the next academic year I wish you all good luck and let's work harder to achieve bigger and better milestones. Remember, success is not final. Success is not resting on your laurels, but finding new laurels to rest upon.

Happy reading!
